

Clarke Powered Solutions: The new distributor for Perkins Engines

Perkins Engines offers an extensive range of industry-leading products powered by reliable performance.

As its new distributor, Clarke Powered Solutions is backed by more than 50 years of experience in:

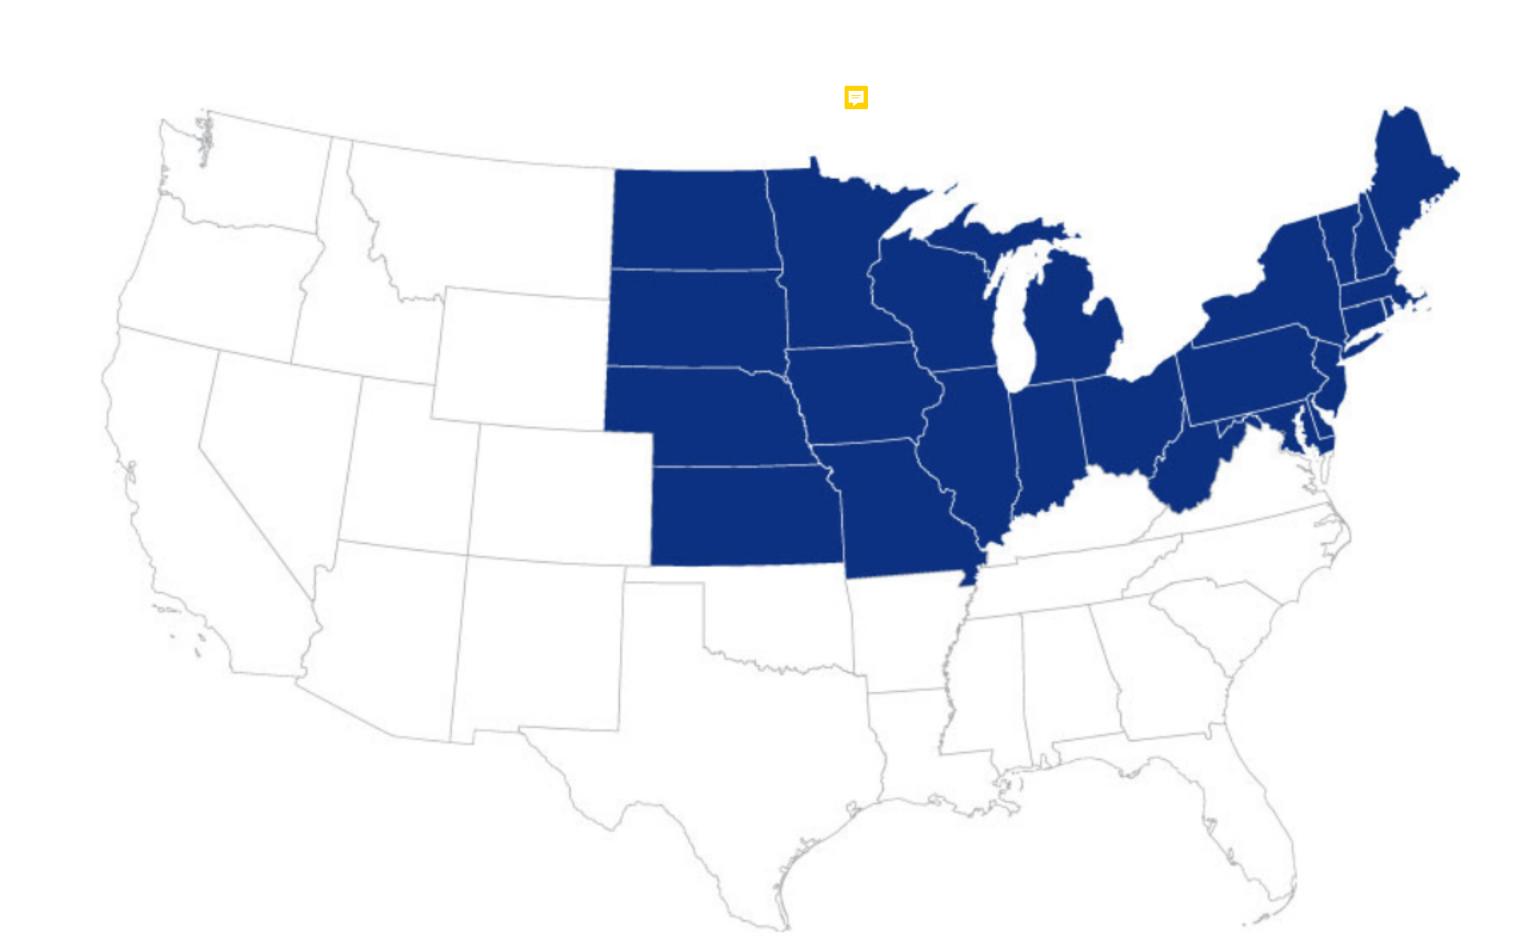

- Diesel engineering
- Service
- Warranty
- Parts procurement
- Mobile services
- Call center support
- Analytics

As proven industry experts, Clarke is offering:

- Improved service coverage and customer experience
- Application engineering for new OEM projects
- Industry-specific expertise in OEM engine ranges
- Parts sourcing and in stock options for fast shipping
- Warranty-trained technicians

View Announcement Release

Check back here January 23 for more details When our comprehensive website launches.

Starting in April, we'll be ready to provide service, parts and warranty support across all 24 states

For now, please continue to contact Perkins Power Corp. and Perkins Pacific, Inc. for distribution for parts, service and warranty until Clarke transitions into this new role.
